This *eircom* Access Reference Offer (ARO) Price List, Version 3.7, is effective as a standalone document from the 1st of October 2008 and is published on the *eircom* website.

All prices that have changed from Version 2.1 have the effective date of the price changed marked in the “Applicability” column or as per the table heading.

This list contains details of the services detailed in Annex C of the *eircom* Access Reference Offer an index of which is included below.

Index of *eircom* Access Reference Offer Price List

Service Schedule Number	Service Title
101	Physical Co location
102	Unbundled Local Metallic Path Service
103	Line Sharing Service
104	Sub Loop Unbundling
106	GLUMP

The charges set out in the *eircom* ARO Price List are subject to the provisions of the Regulations of the European Parliament and the European Council on Unbundled Access to the Local Loop EU Regulation (EC) No. 2887/200. Any changes to these prices are exempt from the requirements of Clause 26 of the *eircom* Access Reference Offer (ARO) and do not constitute Amendments as defined in Clause 26 of the Access Agreement.

Operators will be notified when changes are made to the ARO Price List published on *eircom's* website.

The charges relevant to each service are listed in Euro and are shown in this document exclusive of VAT.

ANNEX C

SERVICE SCHEDULE 101

Physical Co-location

There are four distinct charging elements of physical Colocation offered by *eircom*. These can be divided into the following categories.

1. Pre Order Charges (One off charges per request)
2. Site Preparation Charges (One off charges per site)
3. Site License Charges (Annual license for occupancy services)
4. Attendance Services (Invoiced per site visit each month)

For additional detail on the services and their terms and conditions please revert to the Access Reference Offer document.

1. Pre-Ordering Charges effective to the 30th September 2008:

Pre-Ordering Service	Price €	Comment
Basic Information Charge	Under Review	
Site Specific Information Request	€318.00 per Site	Standard Price
Initial Survey Request	€571.00 per site	Standard Price
Full Survey Report	€3,132 per large MDF €2,916 per medium MDF €2,701 per small MDF	3 Standard Levels depending on building type. List of building types available
Combined Full Survey Request and Site Offer	€6,330 per large MDF €6,115 per medium MDF €5,899 per small MDF	3 Standard Levels depending on building type. List of building types available
Site Inspection	€1143 per near site €2194 per distant site €2845 per very distant site	Near – Dublin and immediate environs. Distant – Provincial, Very Distant – Provincial west of lines linking Cork, Limerick, Galway and Sligo, as well as any site in Donegal.
Site Offer	€3,199	Standard Price

1.1 Pre-Ordering Charges effective from the 1st October 2008:

Pre-Ordering Service	Price €	Comment
Initial Survey Request	€207	Standard Price
Full Survey Report	€1,315	One standard price regardless of building type.
Combined Full Survey Request and Site Offer	€2,786	One standard price regardless of building type.

eircom ARO Price List

Site Inspection	€1,078	One standard price regardless of site location.
Site Offer	€1,471	Standard Price

Pre-Ordering Charges effective from the 12 December 2011:

Pre-Ordering Service	Price €	Comment
Initial Survey Request	€207	Standard Price
Full Survey Report	€841	One standard price regardless of building type.
Combined Full Survey Request and Site Offer	€1800	One standard price regardless of building type.
Site Inspection	€1,078	One standard price regardless of site location.
Site Offer	€959	Standard Price

Note: The Access Seeker may wish to proceed immediately to the Site Offer stage of a co-location project and in this case the applicable charge shall be the sum of the relevant "Full Survey Report" charge and the "Site Offer" charge.

If following any stage above, the Access Seeker requests a Site Inspection, the charges shall be as detailed in the table above.

In the event that the Access Seeker seeks modifications to a Site Offer, *eircom* shall be entitled to recover any additional costs incurred as a result.

2. Site Preparation

The prices listed below are also only applicable where the incremental capital expenditure required for exchange site preparation is relatively low. It is therefore appropriate that, where the actual Site Preparation expenditure exceeds the up front Site Preparation price produced by the principles for any exchange by more than €20,000 EUR, *eircom* be allowed to recover the actual cost of the site preparation from the requesting operator.

Although the following tables provide for options of Standby generator / Air Conditioning / False Floor, these are not offered as optional items but are to be used based on the physical elements currently available at the requested site.

2.1 Site Preparation charges (per footprint)**Effective from the 1st of April 2005 :**

Location Type	Standby Generator Provision	False Flooring	Air-conditioning Provision	Small Exchange	Medium Exchange	Large Exchange
Urban	No	No	No	€236.38	€287.41	€389.47
			Yes	€236.38	€287.41	€389.47
		Yes	No	€335.84	€381.64	€478.99
			Yes	€350.73	€395.74	€492.39
	Yes	No	No	€236.38	€287.41	€389.47
			Yes	€236.38	€287.41	€389.47
		Yes	No	€359.27	€403.83	€500.07
			Yes	€374.15	€417.93	€513.47
Rural	No	No	No	€287.97	€347.39	€466.22
			Yes	€287.97	€347.39	€466.22
		Yes	No	€421.44	€473.83	€586.34
			Yes	€440.49	€491.88	€603.49
	Yes	No	No	€287.97	€347.39	€466.22
			Yes	€287.97	€347.39	€466.22
		Yes	No	€450.94	€501.78	€612.89
			Yes	€469.99	€519.83	€630.04

**2.2 Service Provision (per requested kW)
Effective from the 1st of April 2005:**

Location Type	Standby Generator Provision	Air-conditioning Provision	Small Exchange	Medium Exchange	Large Exchange
Urban	No	No	€2,250.58	€2,250.58	€2,250.58
		Yes	€3,774.41	€3,774.41	€3,774.41
	Yes	No	€2,590.00	€2,590.00	€2,590.00
		Yes	€4,356.27	€4,356.27	€4,356.27
Rural	No	No	€2,982.16	€2,982.16	€2,982.16
		Yes	€4,506.00	€4,506.00	€4,506.00
	Yes	No	€3,321.58	€3,321.58	€3,321.58
		Yes	€5,087.85	€5,087.85	€5,087.85

2.3 MDF Terminations

The Basic charge includes the first 10m of external and the first 10m of internal cable installation. The per metre charge applies only to internal or external installations of more than 10m. e.g. an installation of 11m external and 9m internal fibre cable would attract a charge of €231.76 plus €14.29, an installation of 9m external and 11m internal fibre cable would attract a charge of €231.76 plus €8.89 and so on.

Effective from the 1st of April 2005:

		Small Exchange	Medium Exchange	Large Exchange
MDF Block (per 100 pairs, includes cabling)		€241.64	€279.77	€356.04
Fibre Cable Installation	Basic Charge	€231.76	€231.76	€231.76
	External (per m)	€14.29	€14.29	€14.29
	Internal (per m)	€8.89	€8.89	€8.89

3. Site License Charges – per site

The basic rental licence fee figures are calculated in two parts. The first table provides factors which are applied to the schedule of basic annual rents (3.1.1 + 3.1.2) and from table (3.1.3) provides an additional rental to recover costs which do not vary with basic annual rent of a site. This is exclusive of the power and MDF requirements

To derive the actual licence fee for a particular site the results from both tables are added together. e.g. two footprints at Crown Alley (which is a large urban exchange with standby generator and air-conditioning) would attract a charge of 2x1.85x€465 plus 2x€156.78 i.e. €2,033.05 per annum.

3.1.1 Basic Rental - Per square meter

Effective to 30 September 2009

Effective from the 1st of April 2005 to the 30th of September 2008:**

Site with Air-conditioning	€1,417.52
Site without Air-conditioning	€708.76

**3.4.1 Power consumption charges (per annum per requested Kw)
Effective from the 1st of October 2008:**

Site with Air-conditioning	€1,497.00
Site without Air-conditioning	€798.00

4.0 Attendance Service

These services will be logged per site attendance and will be invoiced on the calendar month. These charges will only apply where the Access Seeker has sought escorted access and not where unescorted access, following accreditation, is utilised.

A. Planned Access Charges effective to the 30th September 2008:

	First 30 Mins on Site	Subsequent 15 minutes
Standard Hours	€60.46	€12.12
After Hours	€100.77	€20.19

Planned Access Charges effective from the 1st October 2008:

	First 30 Mins on Site	Subsequent 15 minutes
Standard Hours	€62.59	€12.85
After Hours	€93.89	€18.97

B. Unplanned Access Charges effective to the 30th September 2008:

	First 30 Mins on Site	Subsequent 15 mins
Standard Hours	€121.04	€18.17
After Hours	€217.90	€33.32

Unplanned Access Charges effective from the 1st October 2008:

	First 30 Mins on Site	Subsequent 15 mins
Standard Hours	€87.89	€18.97
After Hours	€125.83	€28.46

C. Unescorted Access Accreditation

The Access Seekers Staff (including their contractors) must be individually accredited to be given “Accredited Access Rights”. The charges for Unescorted Access Accreditation are set out in the table below.

Ist Time Application	€341.11
Re Test	€268.88
Annual Renewal of Card	€76.08

D. Escorted Access Accreditation

The Access Seekers Staff (including their contractors) must be individually accredited to be given “Accredited Access Rights”. The charges for Escorted Access Accreditation are set out in the table below.

Application for Escorted Access Registration	€76.08
Annual Renewal of Card	€76.08

ANNEX C

SERVICE SCHEDULE 102

Unbundled Local Metallic Path Service

The charges applicable to the Unbundled Local Metallic Path Service are as follows:

1.1. Connection Charges

Service	Price €	Applicability
ULMP Connection Charge with Successful Completion (existing metallic path) – PU & PUI Order Type * / ** / (Note1) (Note6)	€45.00	Effective from 01/10/08 to 31/01/11
ULMP Connection Charge with Successful Completion (existing metallic path) – PU & PUI Order Type * / ** / (Note1) (Note6)	€42.75	Effective from 01/02/11 to 31/03/11
ULMP Connection Charge with Successful Completion (existing metallic path) – PU Order Type * / ** / (Note1) (Note6)	€29.30	Effective from 01/04/11
ULMP Connection Charge with Successful Completion (insitu metallic path) – PUI Order Type * / ** / (Note1) (Note6)	€0.00	Effective from 01/09/11 to 30/11/11
ULMP Connection Charge with Successful Completion (insitu metallic path) – PUI Order Type * / ** / (Note1) (Note6)	€29.30	Effective from 01/12/11 to 02/01/12
ULMP Connection Charge with Successful Completion (insitu metallic path) – PUI Order Type * / ** / (Note 9)	€0.00	Effective from 03/01/12 to 30/06/12

(Note8) Applicable to PUI only - See Promotional Details Below

(Note 9) Applicable to PUI only - See Promotional Details Below

1.4 Usage Charge

Service	Price €	Applicability
ULMP Line Testing	€42.16	Effective from 1/02/05 to 30/09/08
ULMP Line Testing ****	€32.30	Effective from 01/10/08
ULMP Fault Clearance (incl. Line Test)*****	€117.31	
ULMP Fault Clearance (excl. Line Test)*****	€109.97	Effective from 01/10/08

**** the Line Test Charge is only raised if the Fault Report results in a test that requires no fault clearance activity

***** the Fault Clearance (incl. Line Test) charge is currently under review.

***** this charge applies where the Operator provides line test results, to the industry specifications, at the time of the fault report.

Note: eircom will rebate any charges incurred by an Access Seeker if a provisioning related fault is received within 8 working days of the line being provisioned. Such faults will include both Early Life Faults and Dead on Arrival Faults.

eircom will also rebate any charges incurred by an Access Seeker for a repeat fault, that is not the result of a separate network failure, occurring within 8 working days of the original fault being cleared.

Dead on Arrival

Eircom define Dead on Arrival (DOA) as instances where eircom advised an OAO that the requested service was provisioned when, in reality, the service was never provisioned correctly in the first instance.

Early Life Faults

Eircom define Early Life Faults (ELFs) as faults which are reported in the 8 working day period following the provisioning and are localised and cleared to the network elements impacted by the delivery process. This will include faults relating to DOA.

Repeat Faults

Eircom define Repeat Faults as faults, that are not the result of a separate network failure, occurring within 8 working days of the original fault being cleared.

1.5 Line Categorisation for Unbundled Local Metallic Path

	Price €	Applicability
Non-order Related Line Categorisation per line	€6.21	Effective from 1/02/05 to 29/02/08
Non-order Related Line Categorisation per line	€0	Effective from 1/03/08
Order Related Line Categorisation per line	€3.66	Effective from 1/02/05 to 28/02/07
Order Related Line Categorisation per line	€0	Effective from 1/03/07

1.6 Impact of Volumes on prices for connections

Connection charges for all LLU provide orders (combined ULMP, Line Share and GLUMP) will be reduced by a further 5% on the first day of the month following the month in which 100,000 provide orders are completed. This volume threshold also represents the combined industry volume of provide.

1.7 Bulk Data Charges

Bulk Data charges outlined in the table below apply up to the 31st March 2011. Thereafter, Bulk Data files are available free of charge via eircom's Unified Gateway.

Sites	Price
Up to 20 Sites	€60.72
21 to 50 Sites	€77.58
51 to 100 Sites	€101.19
> 100 Sites	€138.30

The Bulk Data files provide the OAO with information on the capacitance of lines at particular eircom sites. The charges above relate to the provision of this data by eircom to the OAO.

Promotional Details (Note1)–

Terms & Conditions :

LLU Lines must be in situ or pre-cabled & have been inactive for a period of 12 months on the eircom network.

The Promotion will be run in 2 phases - The first phase began on 18 September and is due to finish mid December. The second phase of the promotion will be run on a nation wide basis instead of on a geographic basis. The second phase of the promotion will begin on 20 January 2010 for a period of four months. A list of all lines qualifying for this nation wide promotion will be provided in early December.

A line will only qualify for this promotion if it is ordered (order acknowledged) within the timeframe of the particular phase in which it is listed. Lines qualifying for the promotion will benefit from free LLU connections and a discount of 100% on the current LLU line rental at time of order for a period of 12 months from the date of order completion. In the event of the cessation or migration of the LLU service to another operator over the course of the 12 month period, all further benefits under the promotion will be terminated from that point onwards. Prevailing rental charges will come into effect after the 12 month period has elapsed.

Promotional Details (Note2)–

Terms & Conditions :

LLU Lines must be in situ or pre-cabled & have been inactive for a period of 12 months on the eircom network.

The Promotion will commence on 8 June 2010 and run until 31 August 2010. A list of all lines qualifying for this nation wide promotion will be provided in May.

A line will only qualify for this promotion if it is ordered (order acknowledged) within the timeframe of the particular phase in which it is listed. Lines qualifying for the promotion will benefit from free LLU connections and a discount of 100% on the current LLU line rental at time of order for a period of 12 months from the date of order completion. In the event of the cessation or migration of the LLU service to another operator over the course of the 12 month period, all further benefits under the promotion will be terminated from that point onwards. Prevailing rental charges will come into effect after the 12 month period has elapsed.

Promotional Details (Note3)–

Terms & Conditions :

Regarding promotion note 1 above, this is now being enhanced to offer a further 50% discount on the full LLU line rental price for 7 months. This will come into effect on completion of the initial 100% discount period which is applicable under promotion note 1 above.

Promotional Details (Note4)–

Terms & Conditions :

LLU Lines must be in situ or pre-cabled & have been inactive for a period of 6 months on the eircom network.

The Promotion will commence on 1st September 2010 and run until 15th December 2010. A list of all lines qualifying for this nation wide promotion will be provided in August.

A line will only qualify for this promotion if it is ordered (order acknowledged) within the timeframe of the particular phase in which it is listed. Lines qualifying for the promotion will benefit from a discount of 100% on the current LLU line rental at time of order for a period of 10 months from the date of order completion. In the event of the cessation or migration of the LLU service to another operator over the course of the 10 month period, all further benefits under the promotion will be terminated from that point onwards. Prevailing rental charges will come into effect after the 10 month period has elapsed.

Promotional Details (Note 5)–

Terms & Conditions :

LLU Lines must be in situ or pre-cabled & have been inactive for a period of 6 months on the eircom network.

The Promotion will commence on 10th January 2011 and run until 9th July 2011. A list of all Lines qualifying for this nation wide promotion will be provided in August.

A line will only qualify for this promotion if it is ordered (order acknowledged) within the timeframe of the particular phase in which it is listed. Lines qualifying for the promotion will benefit from a discount of 100% on the current LLU line rental at time of order for a period of 16 months from the date of order completion. In the event of the cessation or migration of the LLU service to another operator over the course of the 16 month period, all further benefits under the promotion will be terminated from that point onwards. Prevailing rental charges will come into effect after the 16 month period has elapsed.

Promotional Details (Note 6)–

Line Share and ULMP Promotion – New Connections

The intention of this offer is to reward Operators for achieving incremental growth in new Line Share and ULMP connections in the first three months of 2011. The Operator will receive a rebate of €30 for every new connection achieved over and above their normal run rate. The terms and conditions of the promotion are as follows:

- Incremental growth is defined as the total number of completed new Line Share and ULMP connections in January, February and March 2011 minus the total number of new Line Share and ULMP connections in September, October and November 2010.
- Completed connections are defined as PLS, PUG, PUI and PUS orders that have a completion date in the specified periods above.
- The level of rebate will be equal to the incremental growth multiplied by €30.
- Each Operator will be notified in December 2010 of the run rate they achieved in September to November (inclusive).
- The rebate will be calculated in April 2011 and will be credited against the next available Line Share and ULMP bill. The calculation of the rebate will be provided to each Operator.

Promotional Details (Note 7)–

Line Share and ULMP Retention Promotion – Reduction in Ceases

The intention of this offer is to reward Operators for reducing the level of Line Share and ULMP ceases in the first three months of 2011. The Operator will receive a rebate of €15 for every incremental reduction in Line Share and ULMP ceased achieved over the promotional period versus their normal run rate. The terms and conditions of the promotion are as follows:

- Incremental reduction is defined as the total number of completed new Line Share and ULMP ceases in September, October and November 2010 minus the total number of new Line Share and ULMP ceases in January, February and March 2011.
- Completed ceases are defined as CLS, CU and relevant PGC orders that have a completion date in the specified periods above.
- The level of rebate will be equal to the incremental reduction multiplied by €15.
- Each Operator will be notified in December 2010 of their cease run rate for September to November (inclusive).
- The rebate will be calculated in May 2011 and will be credited against the next available Line Share and ULMP bill. The calculation of the rebate will be provided to each Operator.
- The average monthly cease rate for each Operator will be measured for September, October and November. Separately, the average cease rate will be measured for January, February, March and April. The rebate will only apply if the average monthly cease rate for January to April (inclusive) is less than the average cease rate for September through to November (inclusive).

Promotional Details (Note 8)–

Terms & Conditions :

LLU Lines must be in situ or pre-cabled & have been inactive for a period of 6 months on the eircom network.

The Promotion will commence on 11th July 2011 and run until 10th January 2012. A list of all lines qualifying for this promotion will be provided in June 2011.

A line will only qualify for this promotion if it is ordered (order acknowledged) within the timeframe of the particular phase in which it is listed. Lines qualifying for the promotion will benefit from a discount of 100% on the current LLU line rental at time of order for a period of 10 months from the date of order completion. In the event of the cessation or migration of the LLU service to another operator over the course of the 10 month period, all further benefits under the promotion will be terminated from that point onwards. Prevailing rental charges will come into effect after the 10 month period has elapsed.

Promotional Details (Note 9)–

ANNEX C

SERVICE SCHEDULE 103

Line Sharing Service

The charges applicable to the Line Sharing Service are as follows:

1.1. Connection Charges

Service	Price €	Applicability
LS Connection Charge with Successful Completion (existing metallic path – Access Seeker provides exchange splitter) * / ** (Note1)	€45.00	Effective from 01/10/08 to 31/01/11
LS Connection Charge with Successful Completion (existing metallic path – Access Seeker provides exchange splitter) * / ** (Note1)	€42.75	Effective from 01/02/11 to 31/03/11
LS Connection Charge with Successful Completion (existing metallic path – Access Seeker provides exchange splitter) * / ** (Note1)	€29.30	Effective from 01/04/11
LS Connection Charge with Successful Completion (existing metallic path – Access Seeker provides exchange splitter) Survey Option Selected on Order Form (to allow connection of spare path with new drop wire) * / ** (Note1)	€65.00	Effective from 01/10/08 to 31/01/11
LS Connection Charge with Successful Completion (existing metallic path – Access Seeker provides exchange splitter) Survey Option Selected on Order Form (to allow connection of spare path with new drop wire) * / ** (Note1)	€61.75	Effective from 01/02/11 to 31/03/11
LS Connection Charge with Successful Completion (existing metallic path – Access Seeker provides exchange splitter) Survey Option Selected on Order Form (to allow connection of spare path with new drop wire) * / ** (Note1)	€50.60	Effective from 01/04/11
Connection Order failing validation *	€0.64	Effective from 01/10/08 to 31/01/11
Connection Order failing validation *	€0.61	Effective from 01/02/11 to 31/03/11
Connection Order failing validation *	€0.50	Effective from 01/04/11
Connection Order Cancelled within four working days of Order	€10.29	Effective from 01/10/08 to 31/01/11
Connection Order Cancelled within four working days of Order	€9.78	Effective from 01/02/11 to 31/03/11
Connection Order Cancelled	€4.00	Effective from 01/04/11
Upgrade from LS to ULMP on the same pair	€41.36	Effective from 01/10/08 to 31/01/11
Upgrade from LS to ULMP on the same pair	€39.29	Effective from 01/02/11 to 31/03/11
Upgrade from LS to ULMP on the same pair	€15.00	Effective from 01/04/11

* the connection charges will be reduced as the cumulative volume of orders increase in accordance with Table 1.6 below.

** A "Failed Completion" results in the full connection charge/full connection with survey charge being raised.

Migrations Services

Intra Operator Bulk Migrations and Inter-Operator Bulk Migrations completed prior to 31st March 2011 are subject to a 25% discount on the above Connection Charges. Thereafter, these orders will be charged as set out in the table below

Service	Price €	Applicability
Intra Operator Bulk Migrations and Inter-Operator Bulk Migrations	€15.00	Effective from 01/04/11

1.2. Disconnection Charge

Service	Price €	Applicability
LS Disconnection	€53.61	Effective from 1/02/05 to 30/09/08
LS Disconnection *** (Note2)	€41.15	Effective from 01/10/08 to 31/03/11
LS Disconnection *** (Note2)	€15.00	Effective from 01/04/11

*** disconnection only applies when initiated by access seeker when there is no gaining operator

1.3. Recurring Charge

Service	Price €	Applicability
LS Monthly Rental	€8.03	Applies from 01/12/06 to 30/11/07
LS Monthly Rental	€8.41	Applies from 01/12/07 to 31/10/09
LS Monthly Rental	€0.77	Applies from 01/11/09

1.4. Usage Charges

Service	Price €	Applicability
LS Line Testing ****	€14.52	Effective from 1/02/05 to 30/09/08
LS Line Testing ****	€9.70	Effective from 01/10/08
LS Fault Clearance (incl. Line Test) *****	€117.31	
LS Fault Clearance (excl. Line Test) *****	€107.61	Effective from 01/10/08

**** the Line Test Charge is only raised if the Fault Report results in a test that requires no fault clearance activity

***** the Fault Clearance (incl. Line Test) charge is currently under review. ***** this charge applies where the Operator provides line test results, to the industry specifications, at the time of the fault report.

Note: eircom will rebate any charges incurred by an Access Seeker if a provisioning related fault is received within 8 working days of the line being provisioned. Such faults will include both Early Life Faults and Dead on Arrival Faults.

eircom will also rebate any charges incurred by an Access Seeker for a repeat fault, that is not the result of a separate network failure, occurring within 8 working days of the original fault being cleared.

Dead on Arrival

Eircom define Dead on Arrival (DOA) as instances where eircom advised an OAO that the requested service was provisioned when, in reality, the service was never provisioned correctly in the first instance.

Early Life Faults

Eircom define Early Life Faults (ELFs) as faults which are reported in the 8 working day period following the provisioning and are localised and cleared to the network elements impacted by the delivery process. This will include faults relating to DOA.

Repeat Faults

Eircom define Repeat Faults as faults, that are not the result of a separate network failure, occurring within 8 working days of the original fault being cleared.

1.5 Line Categorisation for Line Sharing

	Price €	Applicability
Non-order Related Line Categorisation per line	€6.21	Effective from 1/02/05 to 29/02/08
Non-order Related Line Categorisation per line	€0	Effective from 01/03/08
Order Related Line Categorisation per line	€3.66	Effective from 1/02/05 to 28/02/07
Order Related Line Categorisation per line	€0	Effective from 01/03/07

1.6 Impact of Volumes on prices for connections

Connection charges for all LLU provide orders (combined ULMP, Line Share and GLUMP) will be reduced by 5% on the first day of the month following the month in which 50,000 provide orders are completed. This volume threshold represents the combined industry volume of provide orders.

Connection charges for all LLU provide orders (combined ULMP, Line Share and GLUMP) will be reduced by a further 5% on the first day of the month following the month in which 100,000 provide orders are completed. This volume threshold also represents the combined industry volume of provide.

1.7 Bulk Data Charges

Bulk Data charges outlined in the table below apply up to the 31st March 2011. Thereafter, Bulk Data files are available free of charge via eircom's Unified Gateway.

eircom ARO Price List

Sites	Price
Up to 20 Sites	€60.72
21 to 50 Sites	€77.58
51 to 100 Sites	€101.19
> 100 Sites	€138.30

The Bulk Data files provide the OAO with information on the capacitance of lines at particular eircom sites. The charges above relate to the provision of this data by eircom to the OAO.

Promotional Details (Note 1)–

Line Share and ULMP Promotion – New Connections

The intention of this offer is to reward Operators for achieving incremental growth in new Line Share and ULMP connections in the first three months of 2011. The Operator will receive a rebate of €30 for every new connection achieved over and above their normal run rate. The terms and conditions of the promotion are as follows:

- Incremental growth is defined as the total number of completed new Line Share and ULMP connections in January, February and March 2011 minus the total number of new Line Share and ULMP connections in September, October and November 2010.
- Completed connections are defined as PLS, PUG, PUI and PUS orders that have a completion date in the specified periods above.
- The level of rebate will be equal to the incremental growth multiplied by €30.
- Each Operator will be notified in December 2010 of the run rate they achieved in September to November (inclusive).
- The rebate will be calculated in April 2011 and will be credited against the next available Line Share and ULMP bill. The calculation of the rebate will be provided to each Operator.

Promotional Details (Note 2)–

Line Share and ULMP Retention Promotion – Reduction in Ceases

The intention of this offer is to reward Operators for reducing the level of Line Share and ULMP ceases in the first three months of 2011. The Operator will receive a rebate of €15 for every incremental reduction in Line Share and ULMP ceased achieved over the promotional period versus their normal run rate. The terms and conditions of the promotion are as follows:

- Incremental reduction is defined as the total number of completed new Line Share and ULMP ceases in September, October and November 2010 minus the total number of new Line Share and ULMP ceases in January, February and March 2011.
- Completed ceases are defined as CLS, CU and relevant PGC orders that have a completion date in the specified periods above.
- The level of rebate will be equal to the incremental reduction multiplied by €15.
- Each Operator will be notified in December 2010 of their cease run rate for September to November (inclusive).
- The rebate will be calculated in May 2011 and will be credited against the next available Line Share and ULMP bill. The calculation of the rebate will be provided to each Operator.

The average monthly cease rate for each Operator will be measured for September, October and November. Separately, the average cease rate will be measured for January, February, March and April. The rebate will only apply if the average monthly cease rate for January to April (inclusive) is less than the average cease rate for September through to November (inclusive).

ANNEX C

SERVICE SCHEDULE 104

Sub Loop Unbundling

The charges applicable to Sub Loop Unbundling are as follows:

1.1 Survey Charges

Service	Price €
Cabinet Survey	99.17

1.2 Offer

Service	Price €
Cabinet Site Offer	81.96
Cabinet Site Preparation (including Process Charge)	Actual cost of Materials and Labour plus a process charge 15% of the direct costs

1.3 Connection Order with Successful Completion

Service	Price €
Sub Loop ULMP (with survey for spare pair)	168.65
Sub Loop ULMP (without survey)	135.92
Sub Loop Line Sharing (with survey for spare pair)	172.51
Sub Loop Line Sharing (without survey)	139.78

1.4 Connection Order Failing Validation

Service	Price €
Sub Loop ULMP (with survey for spare pair)	45.21
Sub Loop ULMP (without survey)	17.38
Sub Loop Line Sharing (with survey for spare pair)	45.43
Sub Loop Line Sharing (without survey)	17.60

1.5 Cancel Order

Service	Price €
Sub Loop ULMP	24.12
Sub Loop Line Sharing	24.12

1.6 Monthly Rental

Service	Price €	Applicability
Sub Loop ULMP	€13.62	Applies from 10/12/05 to 30/11/06
Sub Loop ULMP	€14.15	Applies from 01/12/06 to 30/11/07

Sub Loop ULMP	€14.83	Effective from 01/12/07 to 08/03/10
Sub Loop ULMP	€10.53	Applies from 09/03/10
Sub Loop Line Sharing	€7.27	Applies from 01/12/06 to 30/11/07
Sub Loop Line Sharing	€7.61	Applies from 01/12/07 to 31/10/09
Sub Loop Line Sharing	€0.77	Applies from 01/11/09

1.7 Line Test

Service	Price €
Sub Loop ULMP Line Test	49.18
Sub Loop Line Sharing Line Test	18.09

1.8 Fault Clearance

Service	Price €
Sub Loop ULMP Fault Clearance	110.86
Sub Loop Line Sharing Fault Clearance	110.86

1.9 Disconnection

Service	Price €
Sub Loop ULMP Disconnection	69.03
Sub Loop Line Sharing Disconnection	92.34

1.10 Attendance Charges

A. Planned Access Charges effective to the 30th September 2008

	First 30 Mins on Site	Subsequent 15 minutes
Standard Hours	€60.46	€12.12
After Hours	€100.77	€20.19

Planned Access Charges effective from the 1st October 2008:

	First 30 Mins on Site	Subsequent 15 minutes
Standard Hours	€62.59	€12.85
After Hours	€93.89	€18.97

B Unplanned Access effective to the 30th September 2008

	First 30 Mins on Site	Subsequent 15 mins
Standard Hours	€121.04	€18.17
After Hours	€217.90	€33.32

Unplanned Access Charges effective from the 1st October 2008:

	First 30 Mins on Site	Subsequent 15 mins
Standard Hours	€87.89	€18.97
After Hours	€125.83	€28.46

ANNEX C
SERVICE SCHEDULE 106
GLUMP, combined GNP (Geographic Number Portability) and ULMP
(Unbundled Local Metallic Path) Service

The charges applicable to the GLUMP are as follows:

1.1 Connection Charges

Service	Price €	Applicability
GLUMP Connection Charge with Successful Completion (existing metallic path) * / ** / *** (Note1)	€48.50	Applies from 01/10/08 to 31/01/11
GLUMP Connection Charge with Successful Completion (existing metallic path) * / ** / *** (Note1)	€46.08	Effective from 01/02/11 to 31/03/11
GLUMP Connection Charge with Successful Completion (existing metallic path) * / ** / *** (Note1)	€32.63	Effective from 01/04/11
GLUMP Connection Charge with Successful Completion (existing metallic path) – Survey Option Selected on Order Form (to allow connection of spare path with new drop wire) * / ** / *** (Note1)	€68.50	Applies from 01/10/08 to 31/01/11
GLUMP Connection Charge with Successful Completion (existing metallic path) – Survey Option Selected on Order Form (to allow connection of spare path with new drop wire) * / ** / *** (Note1)	€65.08	Effective from 01/02/11 to 31/03/11
GLUMP Connection Charge with Successful Completion (existing metallic path) – Survey Option Selected on Order Form (to allow connection of spare path with new drop wire) * / ** / *** (Note1)	€53.93	Effective from 01/04/11
Number Porting Component failing validation	€6.98	Effective from 01/08/06 to 31/01/11
Number Porting Component failing validation	€6.63	Effective from 01/02/11 to 31/03/11
Number Porting Component failing validation	€1.15	Effective from 01/04/11
ULMP Component failing validation *	€0.64	Effective from 01/10/08 to 31/01/11
ULMP Component failing validation *	€0.61	Effective from 01/02/11 to 31/03/11
ULMP Component failing validation *	€0.50	Effective from 01/04/11

* the GLUMP connection charge will be charged in two discrete elements. €3.33 will be charged following a successful number port of an accepted order. The remaining balance will be charged following the successful unbundling of the metallic path, without and with survey option, associated with that accepted order.

** the ULMP components of the connection charges will be reduced as the cumulative volume of orders increase in accordance with Table 1.7 below.

*** the Number Porting Component of the GLUMP Connection Charge is subject to separate review under ComReg Document No. 08/65.

Migrations Services

Intra Operator Bulk Migrations and Inter-Operator Bulk Migrations completed prior to 31st March 2011 are subject to a 25% discount on the above Connection Charges. Thereafter, these orders will be charged as set out in the table below

Service	Price €	Applicability
Intra Operator Bulk Migrations and Inter-Operator Bulk Migrations	€18.33	Effective from 01/04/11

1.2 Failed Completion Charges

Service	Price €	Applicability
Number Porting Component requiring Rollback	€11.00	Applies from 01/08/07 to 30/09/08
Number Porting Component requiring Rollback ***	€3.50	Applies from 01/10/08 to 31/01/11
Number Porting Component requiring Rollback ***	€3.33	Effective from 1/02/11
GLUMP Failed Completion requiring Rollback (existing metallic path) * / ** / ***	€66.00	Applies from 01/08/07 to 30/09/08
GLUMP Failed Completion requiring Rollback (existing metallic path) * / ** / ***	€48.50	Applies from 01/10/08 to 31/01/11
GLUMP Failed Completion requiring Rollback (existing metallic path) * / ** / ***	€46.08	Effective from 1/02/11 to 31/03/11
GLUMP Failed Completion requiring Rollback (existing metallic path) * / ** / ***	€32.63	Effective from 01/04/11
GLUMP Failed Completion requiring Rollback (existing metallic path) – Survey Option Selected on Order Form (to allow connection of spare path with new drop wire) * / ** / ***	€90.85	Applies from 01/08/07 to 30/09/08
GLUMP Failed Completion requiring Rollback (existing metallic path) – Survey Option Selected on Order Form (to allow connection of spare path with new drop wire) * / ** / ***	€68.50	Applies from 01/10/08 to 31/01/11
GLUMP Failed Completion requiring Rollback (existing metallic path) – Survey Option Selected on Order Form (to allow connection of spare path with new drop wire) * / ** / ***	€65.08	Effective from 1/02/11 to 31/03/11
GLUMP Failed Completion requiring Rollback (existing metallic path) – Survey Option Selected on Order Form (to allow connection of spare path with new drop wire) * / ** / ***	€53.93	Effective from 01/04/11

* the GLUMP failed completion charge will be charged in two discrete elements. €3.33 will be charged following the rollback of the number porting component. The remaining balance will be charged following the rollback of the ULMP component, without and with survey option, associated with the GLUMP failed completion.

** the ULMP components of the failed completion charges will be reduced as the cumulative volume of orders increase in accordance with Table 1.7 below.

*** the number porting component and the number porting component of the GLUMP failed completion is subject to separate review under ComReg Document No. 08/65.

1.3 Disconnection Charge

Service	Price €	Applicability
ULMP Disconnection *****	€35.44	Effective from 1/02/05 to 30/09/08
ULMP Disconnection ***** (Note2)	€24.09	Effective from 01/10/08 to 31/03/11
ULMP Disconnection ***** (Note2)	€15.00	Effective from 01/04/11

***** disconnection only applies when initiated by access seeker when there is no gaining operator

1.4 Recurring Charge

Service	Price €	Applicability
ULMP Monthly Rental	€15.09	Applies from 10/12/05 to 30/11/06
ULMP Monthly Rental	€15.68	Applies from 01/12/06 to 30/11/06
ULMP Monthly Rental	€16.43	Effective from 01/12/07 to 08/03/10
ULMP Monthly Rental	€12.41	Applies from 09/03/10

1.5 Usage Charge

Service	Price €	Applicability
ULMP Line Testing	€42.16	Effective from 1/02/05 to 30/09/08
ULMP Line Testing ****	€32.30	Effective from 01/10/08
ULMP Fault Clearance (incl. Line Test)*****	€117.31	
ULMP Fault Clearance (excl. Line Test)*****	€109.97	Effective from 01/10/08

**** the Line Test Charge is only raised if the Fault Report results in a test that requires no fault clearance activity

***** the Fault Clearance (incl. Line Test) charge is currently under review.

***** this charge applies where the Operator provides line test results, to the industry specifications, at the time of the fault report.

Note: eircom will rebate any charges incurred by an Access Seeker if a provisioning related fault is received within 8 working days of the line being provisioned. Such faults will include both Early Life Faults and Dead on Arrival Faults.

eircom will also rebate any charges incurred by an Access Seeker for a repeat fault, that is not the result of a separate network failure, occurring within 8 working days of the original fault being cleared.

Dead on Arrival

Eircom define Dead on Arrival (DOA) as instances where eircom advised an OAO that the requested service was provisioned when, in reality, the service was never provisioned correctly in the first instance.

Early Life Faults

Eircom define Early Life Faults (ELFs) as faults which are reported in the 8 working day period following the provisioning and are localised and cleared to the network elements impacted by the delivery process. This will include faults relating to DOA.

Repeat Faults

Eircom define Repeat Faults as faults, that are not the result of a separate network failure, occurring within 8 working days of the original fault being cleared.

1.6 Line Categorisation for Unbundled Local Metallic Path

	Price €	Applicability
Non-order Related Line Categorisation per line	€6.21	Effective from 1/02/05 to 29/02/08
Non-order Related Line Categorisation per line	€0	Effective from 1/03/08
Order Related Line Categorisation per line	€3.66	Effective from 1/02/05 to 28/02/07
Order Related Line Categorisation per line	€0	Effective from 01/03/07

1.7 Impact of Volumes on prices for connections

Connection charges for all LLU provide orders (combined ULMP, Line Share and GLUMP) will be reduced by 5% on the first day of the month following the month in which 50,000 provide orders are completed. This volume threshold represents the combined industry volume of provide orders.

Connection charges for all LLU provide orders (combined ULMP, Line Share and GLUMP) will be reduced by a further 5% on the first day of the month following the month in which 100,000 provide orders are completed. This volume threshold also represents the combined industry volume of provide.

Promotional Details (Note 1)–

Line Share and ULMP Promotion – New Connections

The intention of this offer is to reward Operators for achieving incremental growth in new Line Share and ULMP connections in the first three months of 2011. The Operator will receive a rebate of €30 for every new connection achieved over and above their normal run rate. The terms and conditions of the promotion are as follows:

- Incremental growth is defined as the total number of completed new Line Share and ULMP connections in January, February and March 2011 minus the total number of new Line Share and ULMP connections in September, October and November 2010.
- Completed connections are defined as PLS, PUG, PUI and PUS orders that have a completion date in the specified periods above.
- The level of rebate will be equal to the incremental growth multiplied by €30.
- Each Operator will be notified in December 2010 of the run rate they achieved in September to November (inclusive).
- The rebate will be calculated in April 2011 and will be credited against the next available Line Share and ULMP bill. The calculation of the rebate will be provided to each Operator.

Promotional Details (Note 2)–

Line Share and ULMP Retention Promotion – Reduction in Ceases

The intention of this offer is to reward Operators for reducing the level of Line Share and ULMP ceases in the first three months of 2011. The Operator will receive a rebate of €15 for every incremental reduction in Line Share and ULMP ceased achieved over the promotional period versus their normal run rate. The terms and conditions of the promotion are as follows:

- Incremental reduction is defined as the total number of completed new Line Share and ULMP ceases in September, October and November 2010 minus the total number of new Line Share and ULMP ceases in January, February and March 2011.
- Completed ceases are defined as CLS, CU and relevant PGC orders that have a completion date in the specified periods above.
- The level of rebate will be equal to the incremental reduction multiplied by €15.
- Each Operator will be notified in December 2010 of their cease run rate for September to November (inclusive).
- The rebate will be calculated in May 2011 and will be credited against the next available Line Share and ULMP bill. The calculation of the rebate will be provided to each Operator.

The average monthly cease rate for each Operator will be measured for September, October and November. Separately, the average cease rate will be measured for January, February, March and April. The rebate will only apply if the average monthly cease rate for January to April (inclusive) is less than the average cease rate for September through to November (inclusive).
